<i>Tiaris olivacea</i>	Yellow-faced Grassquit	C	
<i>Volatinia jacarina</i>	Blue-black Grassquit		
<i>Zonotrichia capensis</i>	Rufous-collared Sparrow	A	

NOTE:

The following notes will explain the abundance and status of the species.

- M Migratory, does not breed in Costa Rica.
- A Abundant, many can be recorded daily.
- C Common, one or a few are recorded daily.
- U Uncommon, one or a few are seen at frequent intervals, usually not daily.
- R Rare, seen regularly at longer intervals, in small numbers.
- W Accidental, five or fewer records to date.
